NOTE FOR: Acting Director,
Congressional Affairs

FROM: C/ACIS

This note is for your action.

The SSCI Staff Director, Bernie McMahon, called me around 1:00 today to invite me to come down to the SSCI at 11:30 on Friday, 8 August, to discuss with the Committee the New York Times article containing quotes from Assistant Secretary of Defense Richard Perle.

I told Bernie that I understood the request, and I would pass it along. Subject to changes in plans, I would see him shortly before 11:30 on Friday.

Any views?

Meanwhile, I'll be readying myself for a "really fun" soiree.
